Simon Walker

Simon is an expert in future of work and leadership, and has spoken at conferences and events around the world. His particular interest is the impact of technology on the world of work and business, and in how this affects behaviors, effective leadership and organizational design.

He is also an expert on Generational Diversity (the differing expectations, preferences and attitudes of different generations) and has researched this area widely. He has co-authored several reports including 'Generation Y: what they want from work'.

Simon was a co-founder of the Consultancy 'talent smoothie' and had previously built a successful research based leadership consultancy which focused on developing emotional intelligence.
